

PNWS – AWWA Water Conservation Committee Winter Update

January 26, 2018

Water Audit Training and Software Workshop

Following the Maddaus Water Management presentation at our summer meeting in August a three day water audit and software training has been scheduled. A Doodle Poll was sent to the conservation committee to invite them to join. The deadline is January 31st with eight members signed up for all three days. The training will take place April 3 – 5th in the Portland Metro area, sites still to be determined. The training will be a mixture of classroom instruction and hands-on training at a commercial kitchen, an irrigation site and a multifamily facility. The training also includes one year access to the water audit software tool. For more information please contact Amy Meaut at Amy.Meaut@hillsboro-oregon.gov.

Next Committee Meeting

Christine Hollenbeck will be leading the Conservation Committee meeting at the PNWS Section Conference in Tacoma, Washington at the end of April. Time and location will be sent out soon. At this time Sarah Santner with Portland Water Bureau will take over as Chair of the committee and Shelley Searle with the City of Beaverton will take over as Vice Chair.

Information Sharing

Members of the conservation committee frequently send items of interest to the Chair to be shared with the rest of the committee. This is a wonderful way for the Committee to keep in contact with each other and to share information, thoughts and opinions.
