Director/PNWS AWWA

Kyle Kihs, Executive
Director/PNWS AWWA

Dennis Teller/Vice Chair IWUC
City of Meridian

FROM: John Wiskus, Chair IWUC

DATE: January 26, 2018

Idaho Water Utility Council (IWUC) Mission and Goals

The Mission of the Idaho Water Utilities Council is to promote public policies, legislation, and regulations that ensure an adequate quantity of high quality potable water at the lowest economic and environmental cost.

Goals of the Idaho Water Utilities Council include:

- 1) *To provide for networking among Idaho water utilities*
- 2) *To facilitate coordinated action by the Idaho utilities, such as: (a) identify issues, (b) develop position papers, (c) provide testimony at public hearings, and (d) draft legislation*
- 3) *To monitor potential legislation and regulations*
- 4) *To work with associated interests to develop coalitions*
- 5) *To promote public awareness*

Membership/Meetings

IWUC is open to all utilities whether or not they are an AWWA member. Meetings are held on the second Wednesday of the month from 11:00 a.m. to 1:00 p.m. at the Suez Marden

Water Treatment Plant in Boise. This past year the IWUC held six regular meetings with an attendance of 8 to 12 members.

We continue to assess an annual \$100 per member to help cover operating costs for the IWUC.

AWWA 2018 Water Matters Fly-In

The IWUC is in the process of identifying our delegate who will be attending the Water Matters Fly-In on April 18-19. We anticipate interesting discussion on the Hill at this year's Fly-In and expect that WIFIA and Funding will continue to be the major themes and discussion points for this year's Fly-In. We will be setting up meetings with our Idaho Delegation including:

Senator Mike Crapo, R – Environment and Public Works Committee

Senator Jim Risch, R – Committee on Energy and Natural Resources

Representative Mike Simpson, R – Budget and Appropriations Committees

Representative Raul Labrador, R - Natural Resources and Government Oversight and Reform Committees

2018 Idaho State Legislature

The 2018 Session of the Idaho State Legislature convened on January 8, 2018. We have been and will continue working with both the IDEQ and IDWR to anticipate upcoming legislation that may be of interest to the IWUC. We currently anticipate legislation that will propose changes in the State Cross Connection Control regulations and changes in the State Water Quality regulations.

2018 IWUC Focus and Planning

1. 2018 Water Supply Status
2. Water Rights
3. 2018 AWWA Fly-In
4. State and Federal Drinking Water Legislation
5. Tri State WUC Meeting

6. IWUC Network Expansion

This is a brief overview this past year's activities and our planned focus for the coming year.

Respectfully,

John Wiskus, Chair, IWUC
