Mike Whiteley, Board Liaison

Committee Focus

1. Expand reach of developed courses
2. Continue to develop courses
 - a) Emergency Preparedness
 - b) Water Storage Basics
 - c) Construction Management
 - d) Water Quality Basics
3. Assisting others with their training.

1. EXPAND REACH

- Recruit instructors in most of the SubSections and for all developed courses.
- Arc Flash & Electrical course is in need of additional instructors.

2. Basic Water Works

- Basic Waterworks was presented NWW and is scheduled in IESS, BMSS, and LCSS
- This has been an extremely popular course and we are always looking for additional instructors to continue presenting.

3. Emergency Preparedness

- Development is “complete”, tested in May.
- Recruiting additional instructors.
- ½ day Train the Trainer event is planned during the conference.

4. Water Storage Basics

- Development has been “completed”.
- Recruiting additional instructors.
- ½ day Train the Trainer event is planned during the conference.

5. ASSISTING OTHERS

- Tips and tools for how to organize, budget, acquire CEUs, and advertise/promote.
- Many of these tools are already in place and available on our web site. We are working to continually improve them.

6. What we need help with

- More trainers in most subsections.
- More TIAB topics and “developers”.
- Increase subsection use of TIAB.
- Filling vacancies in committee membership.
