

American Water Works Association  
**Pacific Northwest** Section

**PNWS AWWA SPRING TRUSTEE MEETING  
WATER TREATMENT COMMITTEE REPORT  
Tuesday, April 24, 2018**

**WTC Quarterly Meetings**

Our last committee meeting was held on Friday, February 9, 2018. The meeting was held at the Lake Oswego Tigard WTP in West Linn, OR and via conference. Jacobs sponsored lunch for this committee meeting.

The next committee meeting will take place on Friday, April 27 at 12 pm during the 2018 PNWS AWWA Annual Conference.

**Filtration Workshop**

The committee co-sponsored a successful and well attended workshop on filtration with the research committee. The workshop raised over \$8,500 for the section and had almost 100 attendees. We were proud to work alongside the research committee to plan and host this event.

This workshop was made successful by the many volunteers from both committees that helped to organize and run the event and the corporate sponsors. Lunch was provided by Jacobs while Calgon Carbon, Carollo, and Stantec sponsored the breaks and other refreshments. Total sponsorships actually exceed the cost of the event and all revenue from registration went directly to the section.

**2018 PNWS AWWA Annual Conference**

The committee is sponsoring the follow sessions at the 2018 PNWS conference in Tacoma.

- One 2-hr treatment session on Thursday morning
- One 3-hr treatment session for Friday morning
- 3-hr Pilot Testing Session on Friday afternoon  
(Joint sponsorship with Engineering Committee)

**Training Sessions**

Per previous committee reports, the committee feels there may be more value in focusing our resources on supporting the various short schools and/or collaborating with other committees on training. However, the committee is planning to host a Flavor Profile Analysis Training in Seattle during the summer of 2018. This session will be jointly sponsored by the Water Quality and Treatment committees.

**Succession Planning and Membership**

The current committee officers include a chair (Enoch Nicholson), vice-chair (Jenn Minton), and secretary (Dan Perkins). Dan recently stepped up to fill the role of secretary when our previous vice-chair left the section and moved to take a position as an operator at a WTP in Arizona.
