The leadership symposium planning committee met via phone on November 26th, 2018. Discussions centered around the use of local speakers (since this is a revolving symposium it was decided to not focus on this), working on decisions regarding the naming conventions for the three tracks (see draft postcard below).

The group also discussed targeted areas to develop within each track and how to get the message out about the symposium.

After this discussion, Cheryl Capron, et al, developed the abstract submission form which went live in late 2018. As of Friday, there have been eleven submissions. Chris is having the abstract request form submitted through the League of Oregon Cities and OWUC group messaging opportunities. The form has also been distributed through ORWARN and other agency group emails.

The section website has the LAS up and running as a [hyperlink](#).

Leadership Annual Symposium 2019
Join colleagues in discussions on all aspects of leadership with discussions from the Young Professionals to executive leadership and elected officials. The industry is seeing high percentages of leaders retiring and this symposium will discuss the opportunities this affords future leaders.
