Updated as of: February 12, 2020

Subsection Activities Summary

Officers - The 2019 PNWS-AWWA Spring Conference brought some changes to the KCSS leadership. We look forward to carrying on the mission of our past officers as well as add improvements and refine the visions of our new additions. For the 2020-2021 year, we hope to fill two vacancies and retain last year's officers in their current positions.

We want to thank Michael Norton with Seattle Public Utilities for his involvement in 2019-2020 year. Michael was instrumental in coordinating classes, acting as an ambassador to the membership and contributing as a King County Subsection officer.

As always, we are always looking for folks who would like to be more involved. We meet regularly, once a month. To join us at a meeting, please contact Joanie Stultz at jstultz@brwncald.com.

Events and Training Sessions

The King County Subsection had a busy year filled with classes, charity events, and socials, as well as YP and outreach events. Table 1 provides a summary of the KCSS events with the number of attendees held this year, followed by event descriptions and photos for a selection of events.

Table 1: KCSS Events during the February 2019 – February 2020 Reporting Period

Event Type	Name	Date	Attendees*
Classes	Basic Water Works	June 25, 2019	30
	Day with DOH	September 18, 2019	57
	Water Loss Control Training	November 7, 2020	16
	Chlorine Testing and Lab Workshop with DOH	February 4, 2020	44
Socials	Water Olympics	March 14, 2019	75 (110 registered)
	Summer Sipping for WFP and E&T	June 22, 2019	30
	Charity Golf Tournament for WFP and E&T	September 13, 2019	105
Young Professionals	Educational Site Tour: 2MG Tank Seismic Improvement Project at Sammamish Plateau Water	March 15, 2019	20
	Summer Social with PNCWA at Optimism Brewery	June 12, 2019	18
	Educational Tour with City of Renton of active construction for the Kennydale Reservoir	October 18, 2019	25
	UW AWWA-WEF Student Chapter Activities Fair		2 volunteers
	UW AWWA-WEF Student Chapter Resume Night and Social	January 15, 2019	18
Outreach	Puget Sound Engineering Council Booth to educate K-12 on How Water Works	February 8, 2019	5 volunteers

*Based on event attendance sign ins and constant context registrations

King County Water Olympics - Best Tasting Water, Meter Madness & Hydrant Hysteria - March 14th, 2019

The **King County Water Olympics** was held on March 14th at the Brightwater Facility in Woodinville, WA. The winners of each contest moved on to the PNWS-AWWA Section Conference held in Vancouver, WA in early May. This is also a membership appreciation event, with free attendance. We had over 70+ attendees and 15 sponsors.

Meter Madness frenzy at the KC Water Olympics.

Meter Madness - In its fourth year, Meter Madness continued to add excitement during the water judging event. It was the dexterity skill set from years of knitting that prevailed when nine people stepped up to the table to see who the quickest and most nimble water professional would be! Runner up was Tom Bagley with Northshore Utility District and first place was **Brinlee Finzel, Brown and Caldwell, with 43.16 seconds!** Thank you Brinlee for representing King County at the Vancouver Regional Conference!

Best Tasting Water - We had *eight* contestants submit water samples. Seattle Public Utilities, represented by Lynn Kirby, took home the Best Tasting Water for

Treated Systems! **Lake Forest Park Water District**, represented by Alan Kerley and Commissioner Eli Zehner, took home the prize for Best Tasting Water for Untreated Systems! **Lake Forest Park Water District** moved on to represent the King County subsection at the PNWS-AWWA Regional Conference in Vancouver, WA, where they were awarded the Third Place Finish! Denny Clouse, North City Water District, Cheryl Capron, Chair of the Conference Program Committee, and Dave Griner with Mac & Jack's Brewery, were our esteemed judges who represented various parts of the water industry, judged samples of water from each contestant's distribution system.

Hydrant Hysteria – The Hydrant Hysteria competition closed out the evening. Three teams competed, one from the Northshore Utility District and two from the Covington Water District (CWD). **CWD** folks advanced to the section conference! CWD's first place team had a time of 1.35.42 and the second place team, with a time of 1.46.20. The **Covington Water District** team placed **second at the regional conference** in Vancouver, made up of Jeff Greer, Steve Butcher and Tyler Howard will go on to represent the PNWS-AWWA at ACE Denver.

Lynn Kirby (SPU) with Commissioner Eli Zehner and Alan Kerley (LFPWD) at the KC Water Olympics.

CWD's Jeff Greer, Steve Butcher, Tyler Howard with King County Subsection Chair, Charlie Sovacool at the KC Water Olympics in Woodinville, WA

King County Subsection Hydrant Team Takes Home a Win at National ACE Conference – June 12th, 2019

The Covington Water District's Wet Bandits, made up of Jeff Greer, Steve Butcher and Tyler Howard, placed second at the regional conference in Vancouver, WA in May 2019 along with the first place team from the City of Hillsboro Oregon. Both teams advanced to represent the Pacific Northwest Section of the AWWA at the Annual ACE conference, held in Denver Colorado. The Wet Bandits advanced after day one to the finals where they finished with the best time of 1.32.15 minutes, earning them 3rd place nationally.

Great job representing the King County Subsection and the PNWS!

Summer Sipping for Water For People – June 22nd, 2019

The Second Annual Summer Sipping event was held at Flatstick Pub in Pioneer Square on June 22nd, 2019! Summer Sipping was the summer kickoff to prepare our membership for the season of fun and sun. With golf tournament season just around the corner, this was an opportunity to brush up on putting skills. Attendees who showed up enjoyed appetizers, two drink tickets, and a full night of entertainment while they worked their way around Seattle through putts on a 9-hole mini-golf course. Net proceeds went to the Philanthropic Advisory Committee (PAC) to benefit Water For People, Education and Training fund (E&T) and the Water Equation.

Basic Water Works Class at the City of Bellevue

King County Subsection held a Basic Water Works Class at the Bellevue Service Center on July 25th, 2019 with over 30 participants. The course provided a basic understanding of water systems, sources, treatment, conveyance, and water quality protection. The intended audience was new utility workers, administrative staff and others who are new to the industry and would benefit from an understanding of basic concepts and terminology. Some of the topics discussed included overview of water systems, regulations and contaminants, water sources, hydrology and hydraulics, treatment and disinfection, water quality monitoring, water quality protection practices, construction and maintenance and disaster response.

Day with Department of Health (DOH) Class

Day with DOH Workshop was held on September 18th, 2019 and included presentations by and discussion with the Department of Health's Office of Drinking Water staff on a variety of topics relevant to operating public water supplies. Topic covered included revised Total Coliform Rule, three years later, the Arsenic Treatment Optimization Program, Sallal vandalism incident, Disinfection By-Products review, drought response, building water systems, Lead & Copper update, introduction to Surface Water Treatment Publication, PFAS update and needs assessment.

King County Young Professionals Site Tour with the City of Renton

On Friday, October 18, 2019, the City of Renton hosted a site tour of their new 1.29 MG Kenneydale reservoir. When constructed, the reservoir will be 103-ft tall, 50-ft in diameter with a 350 CY concrete mat slab and 80 auger cast piles ranging from 46 to 52-ft deep. The City of Renton, Murraysmith, Peterson Structural Engineers, and HWA Geosciences were all on site to discuss and answer questions about their respective roles and contributions to the project. The tour was exclusively held on the active construction site where attendees got to see and hear about the design and construction process of the vaults, piping, auger cast pilings, and the concrete mat.

Attendees observe the tank retrofit on the YP Site tour, hosted by the City of Renton.

A post-tour social was hosted by Murraysmith at Four Generals Brewing in Renton. Thank you!

Water Loss Control Training Workshop, November 2019

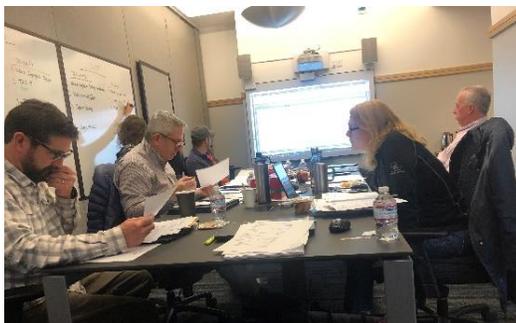

King County Subsection hosted this technical workshop on November 7th, 2019 at the City of Issaquah's Public Works Operations Facility to provide instruction on the AWWA M36 Water Audits and Loss Control methodology and software. Attendees learned the methods and technologies to economically control water and revenue losses by managing leakage and pressure.

*Attendees at the Water Loss Control Class.

Golf Tournament Success! Annual King County Charity Golf Tournament September 13th, 2019 at Druid's Glen, Covington, WA

The Annual Golf Tournament was again a success! We had 15 sponsors for the 2019 PNWS-AWWA Charity Golf Tournament at Druid's Glen Golf Club in Covington, WA! We are grateful for our sponsors and attendees presence and support for our membership and cause! Because of the support received from our sponsors, we were able to donate \$3,000 to the Education and Training Fund and approximately \$1,100 to Water for People this year!

Some of the officers during Strategic Plan and Budgeting meeting.

Subsection's Strategic Planning and Budget Meeting

King County Subsection officers met (in-person and by conference call) on December 11th, 2019 to revisit the KCSS mission and vision and to also establish goals by committee for 2020 and 2021. This included early discussion of classes, socials, charitable giving events, etc. We also spent some time discussing succession planning and how to get more membership involved at the subsection and membership levels.

UW AWWA-WEF Student Chapter Events- Resume Review Night

KCSS partnered with the local King County Pacific Northwest Clean Water Association (PNCWA) chapter to host a resume night with the student chapter of AWWA-WEF in preparation for the University of Washington Civil and Environmental Engineering Career Fair, as well as a social after the fair. The resume night on January 15th, 2020 provided an opportunity for UW students to drop in and get their resume reviewed by a Young Professional. We had a great group of students and YP's for the event, along with pizza sponsored by the KCSS and PNCWA.

YPs and students gather for the post UW Career Fair Social at Shultz's on the Ave

Networking Social with UW AWWA-WEF Students and AWWA and PNCWA Professionals

YPs joined with the UW AWWA-WEF student group for drinks, food, and networking following the University of Washington CEE career fair on January 23rd, 2020 to debrief and share experiences of what to expect in the working world. The social provided a great opportunity for students to talk with YP's and connect. Thanks to the AWWA 2020 Vision Committee and PNCWA for sponsoring the event.

Puget Sound Engineering Council (PSEC) Fair, February 8th, 2020

King County Sub Section YP's collaborated with the Engineering Committee for the annual Puget Sound Engineering Council (PSEC) fair on Saturday, February 8th, 2020. We were glad to be back after getting snowed out of the event last year. Volunteers operated the booth throughout the day to educate K-12 attendees about water filtration and flow through a water filtration and a flow meter set-up. The event provided a great opportunity to spread awareness about the importance of water in our lives and how students can get involved with AWWA and the water industry. Thanks to Josh Kennedy (Jacobs) for organizing the event and for the King County Sub Section and Engineering Committee for sponsoring the booth.

Chlorine Residual Testing and Lab Skills Workshop

This training was taught by Office of Drinking Water staff on February 4th, 2020 in Kent, Washington to provide increased knowledge and experience as recommended by the Disinfection Data Integrity Project (2015). Both morning and afternoon classes with 22 students (capped for space and material limits) provided drinking water operators with a better understanding of good lab skills and chlorine measurement techniques and why they matter. It also provided operators with hands on skills to answer the questions: How do I know my instrument is working? 2) How do I know that the residual that I measure is real? And, how good is my technique? 0.3 CEUS were earned for ea

Proposed Schedule of Meetings and Events

For 2020-2021, the subsection plans on offering classes to help our members meet their CEU requirements and events to provide opportunities for networking and relationship building. Below are some classes and social events we plan on providing this upcoming year. Future events will be posted to the website, <https://sites.google.com/a/pnws-awwa.org/king-county-subsection/events>.

Classes:

- *Control Valve Operations and maintenance – June*
- *Customer Service – October*

Socials:

- *2020 King County Water Olympics - Best Tasting Water, Meter Madness & Hydrant Hysteria - March 12th, 2020*
- *YP Summer Social (TBD)*

Education:

- *Educational Tour and Social (TBD)*

Monthly Officer Meetings

The Subsection generally meets every month and as necessary to address time sensitive concerns that come forward between meetings. The next officer meeting will be Wednesday, February 19th, 2020, with a meeting to follow in March and April and again shortly after the PNWS-AWWA Spring Conference when the new officers begin their term. In an effort to facilitate turn over and new leadership within the Subsection, a guest is invited to our regular meeting, to learn more about the subsection and activities in anticipation that they may consider serving the Subsection in the future.

Subsection Vision Statement

Provide training and social networking for our membership and be a trusted resource for the drinking water industry.

Subsection Goals

The subsection annually defines the goals for the following year and has identified the following:

- Produce four training classes: We traditionally have used the Seattle Public Utilities Training Facility (JTF) and the City of Bellevue Training Center, both of which are provided at no cost to the Subsection and will look for additional locations to serve our members throughout the section;
- Host at least three non-training social events: Past events have included Golf tournament, King County Water Olympics (Best Tasting Water Contest, Meter Madness and Hydrant Hysteria), Young Professional's Trivia Night, Summer Sipping;
- Support Young Professional events through sponsorship of socials and support with planning education tours.
- Generate funds to donate to worthy causes, with a focus on reaching our E&T Fund total needed to form a named scholarship in the subsection's name (\$10,000). In the past, organizations KCSS has donated to included Water for People, Engineers without Borders, Hopelink and the PNWS-AWWA E&T Fund;
- Increase membership and event attendance. Membership is promoted at training and non-training events through the dissemination of the AWWA Membership pamphlet as well as allowing non-members to participate in the Best Tasting Water competition through which the prize is converted into a one year membership;
- Submit useful information to *Water Matters* about our Subsection activities and events on a quarterly basis;
- Balanced Officer Rotation: Through proactive marketing and recruitment of new potential officers, we seek to maintain a balanced representation of the subsection geographically as well as from the industry public employees, consultants and suppliers. We currently have 6 representatives from public/private utilities, 3 consultants and 1 supplier as officers from throughout King County.

Focus Areas for 2020-2021

Two focus areas, outside of our goals are as follows:

- Board Succession Planning
 - Develop one-pager sheet with board roles and responsibilities
 - Add webmaster role with specific responsibilities
- Organizational Stewardship
 - Partnerships with other Subsections on Classes, Water Olympics, sponsorship methods
 - Focus on local partnerships with South Sound and NW Subsection

Bank Signature Card - Listing the PNWS Executive Director as a Signee

The bank signature card listing the PNWS Executive Director is complete. There is sensitive information on this form. Please contact Caren Gallion, Treasurer for a copy of this, if needed. We do not want to include this information on this annual report for security reasons.

Affiliation Agreement Signed by the Subsection President/Chair and Vice President

AWWA and the Section

Reasons an Affiliation Agreement is needed:

- Protect the Associations' intellectual property including logos, emblems, names, free publications and other proprietary material. In this litigious society if you don't protect your brands you can lose them. An example, Bayer aspirin did not protect the name aspirin and it is now used worldwide by many companies.
- By having this agreement the Association can continue to indemnify all eligible persons of the section, such as directors and officers with liability insurance as cost effectively as possible.
- The Associations' not-for-profit status is critical to our organization surviving. As such the need was there to ensure that everyone understood that all activities conducted by the Sections must meet with AWWA's stated mission of uniting the water community to protect public health and to provide safe and sufficient water for all. Through collective leadership, AWWA advances technology, education, science, management, and government policies. Anything outside of this mission is not allowed.

Section Penalties for Affiliation Agreement Violations:

1. If the Section violates this agreement to Association may start a disciplinary proceeding that could include financial penalties or ultimately dissolution of the Section.

I understand the importance of the American Water Works Associations' Affiliation Agreement and why it was needed. Furthermore, I understand that by violating this agreement I place the Pacific Northwest Section in jeopardy of financial penalties or possible dissolution. If I have any questions or concerns regarding my Committee or Subsection activities I will contact the Section office for clarification.

PNWS-AWWA ANNUAL SUBSECTION ALLOTMENT

Date:

To: Kyle Kihs
Executive Director PNWS-AWWA
P.O. Box 872467
Vancouver, WA 98687
Office: 503-760-6460
Fax: 360-254-0695
E-Mail: kkihs@pnws-awwa.org

Subsection: **King County**

The Subsection has evaluated the options available to us and made the following selection regarding the annual allotment.

If your subsection does not need the allotment this year, you need not respond.

NOTE: You must respond by February 1st of each year to be eligible to receive an allotment. If you do not respond by the deadline listed above, your Subsection will not receive an allotment. You must also have completed and submitted your subsection annual report; including the Profit & Loss Statement and Signature Card from your subsection's financial institution to the PNWS-AWWA Executive Director.

- Yes, the Subsection requests the allotment.
- No, the Subsection does not wish to collect the allotment.
