- *NW OR Officers meet at least once per month*

AWWA and the Section

Reasons an Affiliation Agreement is needed:

- Protect the Associations' intellectual property including logos, emblems, names, free publications and other proprietary material. In this litigious society if you don't protect your brands you can lose them. An example, Bayer aspirin did not protect the name aspirin and it is now used worldwide by many companies.
- By having this agreement the Association can continue to indemnify all eligible persons of the section, such as directors and officers with liability insurance as cost effectively as possible.
- The Associations' not-for-profit status is critical to our organization surviving. As such the need was there to ensure that everyone understood that all activities conducted by the Sections must meet with AWWA's stated mission of uniting the water community to protect public health and to provide safe and sufficient water for all. Through collective leadership, AWWA advances technology, education, science, management, and government policies. Anything outside of this mission is not allowed.

Section Penalties for Affiliation Agreement Violations:

1. If the Section violates this agreement to Association may start a disciplinary proceeding that could include financial penalties or ultimately dissolution of the Section.

I understand the importance of the American Water Works Associations' Affiliation Agreement and why it was needed. Furthermore, I understand that by violating this agreement I place the Pacific Northwest Section in jeopardy of financial penalties or possible dissolution. If I have any questions or concerns regarding my Committee or Subsection activities I will contact the Section office for clarification.

POLICY ON CONFLICTS OF INTEREST AND DISCLOSURE OF CERTAIN INTERESTS

This conflict of interest policy is designed to help directors, officers, employees and members ("Responsible Persons") of the Pacific Northwest Section of the American Water Works Association (PNWS) identify situations that present potential conflicts of interest and to provide the Section with a procedure which, if observed, will allow a transaction to be treated as valid and binding even though a Responsible Person has or may have a conflict of interest with respect to the transaction.

DEFINITIONS

Conflict of Interest. For purposes of this policy, the following circumstances shall be deemed to be a Conflict of Interest:

Outside Interests

- A Contract or Transaction between the PNWS and a Responsible Person or a Family Member of a Responsible Person.
- A Contract or Transaction between the PNWS and an entity in which a Responsible Person or a Family Member of a Responsible Person has a material interest in excess of 5% or of which such person is a director, officer, agent, partner, trustee, personal representative, guardian, custodian, or other legal representative.

Outside Activities

- A Responsible Person or a Family Member of a Responsible Person accepting gifts, entertainment, or other favors with a value in excess of \$100 from any individual or entity that:
 - (i) Does or is seeking to do business with the PNWS or
 - (ii) Is seeking to receive a loan or grant, or to secure other financial commitments or benefits from the PNWS.

Responsible Person is any person who is an officer, director, employee or member of the PNWS, including, when the context requires, a Family Member of any such person.

Family Member is a spouse, domestic partner, parent, child or spouse of a child, brother, sister, or spouse of a brother or sister of a Responsible Person.

Contract or Transaction is any agreement or relationship involving the sale or purchase of goods, services, or rights of any kind, the providing or receipt of a loan or grant, the establishment of any other type of pecuniary or financially meaningful relationship except for transactions in the ordinary course of business (a) between the PNWS and an employee of the PNWS arising from the employment relationship, such as salary, benefits or reimbursement of employment related expenses, (b) between the PNWS and a member of the PNWS arising from the membership relationship, such as payment of membership dues or the purchase of publications, exhibition space or member services, or (c) between the PNWS and its officers or directors arising out of their positions, such as the reimbursement of travel and lodging expenses in accordance with the PNWS's stated policies for such reimbursements.

PROCEDURES

- Prior to any Board or Committee action on a Contract or Transaction involving a Conflict of Interest, any Responsible Person having a Conflict of Interest who is in attendance at the meeting shall disclose all facts material to the Conflict of Interest. Such disclosure shall be reflected in the minutes of the meeting.
- If an officer or director of the PNWS is unable to attend a meeting of a Board or Committee at which he or she has reason to believe that the Board will act on a matter in which the officer or director has a Conflict of Interest, then that person shall disclose to the chair of the meeting all facts material to the Conflict of Interest. The chair shall report the disclosure at the meeting and the disclosure shall be reflected in the minutes of the meeting.
- Any Responsible Person who has a Conflict of Interest shall not participate in or be permitted to hear the Board's discussion of the matter except to disclose material facts and to respond to questions. Any Responsible Person who is an officer, director or employee of the PNWS shall not attempt to exert his or her personal influence with respect to the matter, either at or outside the meeting.
- A Responsible Person who has a Conflict of Interest with respect to a Contract or Transaction that will be voted on at a meeting shall not be counted in determining the presence of quorum for purposes of the vote. The Responsible Person having a Conflict of Interest may not vote on the Contract or Transaction and shall not be present in the meeting room when the vote is taken. Such person's ineligibility to vote shall be reflected in the minutes of the meeting.
- Responsible Persons who are not members of the Board of Directors of the PNWS shall disclose to the PNWS Executive Director or Chair of the PNWS (or his or her designee) any Conflict of Interest that such Responsible Person has with respect to a Contract or Transaction. Responsible Persons who have a Conflict of Interest with respect to a Contract or Transaction that is not the subject of Board action shall also make the same disclosure. In either case, such disclosure shall be made as soon as practicable as the Responsible Person knows of the Conflict of Interest. Any Responsible Person who is an officer, director or employee of the PNWS shall refrain from any action that may affect the PNWS's participation in the Contract or Transaction.
- In the event it is not entirely clear that a Conflict of Interest exists, the Responsible Person with the potential conflict shall disclose, in writing, the circumstances to the Chair or Executive Director of the PNWS, who shall determine whether there exists a Conflict of Interest that is subject to this policy.

- Each Responsible Person shall exercise care not to disclose confidential information acquired in connection with any such Contract or Transaction the disclosure of which might have an adverse effect on the business of the PNWS. Furthermore, a Responsible Person shall not disclose or use information relating to the business of the PNWS for the personal profit or advantage of the Responsible Person or a Family Member.

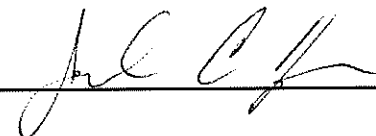

Dissemination and Review of Policy

- This policy shall be published on the PNWS's website and otherwise made available to all members of the PNWS. Each officer, director and employee of the PNWS shall be required to review a copy of this policy and acknowledge in writing that he or she has done so.
- Each officer and director of the PNWS shall annually complete a disclosure form identifying any relationships, positions, or circumstances in which such Responsible Person is involved that could reasonably be expected to lead to a Conflict of Interest. Such relationships, positions or circumstances include any significant ownership interest (more than 5%) of a business that might provide goods or services to the PNWS. The PNWS will treat any such disclosures as confidential information.
- The Board of Directors shall review this policy annually. Any changes to the policy shall be communicated immediately to all Responsible Persons.

NW Oregon Subsection Meeting

Let's congratulate Chandra for winning the Oregon Subsection activity award for her 5 years of service as an officer, her timely delivery of Subsection meeting announcements twice per month and her personal warm welcome to new members of the Subsection after they register.

- Safety & Education – Chair Don Lovas, City of Salem
- Activities – Chair Gerald Arredondo, City of Salem
The man who puts together all the activities for our subsection. Meter Madness, Top Ops, Gimmicks and Gadgets, Best Tasting Water and Hydrant Hysteria. Thank you for your continued commitment and Thank you City of Salem for allowing him to step away for these activities.
- Water For People – Chairs Justin Ford and Kysa Schaefer, Murraysmith
In 2019 the NW Oregon Subsection once again continued its strong history of supporting Water for People. With another fun socializing event at Lagunitas Community Room and a spectacular golf tournament at Gresham Golf Course, we raised nearly \$13,000 net, and contributed a chunk of the Golf Tournament proceedings to the John Aho Scholarship Fund in John's honor as he was a long-time avid Water for People supporter. The Golf Tournament will continue to be a joint benefit in the future, so that John's legacy continues for as long as those of us who knew him, and were duly moved by his kind and giving spirit, are around. Next year the WFP Committee will look to organize a new Spring event, as the Lagunitas Community Room has closed. Stay tuned for updates on that. However, the Golf Tournament will continue strong into its 27th Annual year, so come out and join the fun! If you are interested in getting involved in the fundraising efforts with a great group of your peers in the water professional's industry in and around Portland, contact Justin Ford at Murraysmith.
- Scholarship – Chair Jason Branstetter, City of Gresham
Jason spoke and presented two students with scholarships for the upcoming year
- Young Professionals – Chair Brooke Barry, West Yost
Brooke has put together many successful outings to get people together and network. People have gathered downtown for a quick happy hour to water plant tours around the area. Thank you for engaging the young professionals and allowing us to network with each other.
