

Fall Update 9/23/22

Philanthropic Division

(Trustee Liaison) Nick Belmont

Committees

Philanthropic Advisory Council (Now includes Water for People)
E&T Fund

Philanthropic Advisory Council (PAC)

Katie Dillon Co-Chair, HDR Inc.

Kristin Kihs, Co-Chair, WRK Engineers

- Discussing “Acceptance” of the two “official” PAC-led events – Silent Auction and Wine for Water.
- Discussing the idea that Wine for Water moves locations each year throughout the entire Section to get further involvement from all subsections.
- Discussing the idea of rotating roles on the PAC to prevent volunteer fatigue as we regain momentum of getting new volunteers involved.
- Outreach to all PNWS-AWWA Subsection Committee Presidents in September to increase engagement and support for philanthropic events.
 - What fundraising events is your subsection planning for 2023?
 - If you are not planning any fundraising events for 2023, are there events that your subsection has done in the past that you’ve been struggling to get going again post-pandemic? If so, what were they?
 - Who from your section will be attending the Training in Sunriver?
- Continuing to help in creating a new philanthropic event not focused on golf/drinking venues.

Education & Training Fund (E&T Fund)

Bob Willis, Chair, RH2 Engineering

- Fund Balance (As of 9/8/22): \$1,428,009
- With the fund falling with the current recession, the need for undedicated funds is very important. The Fund is still in a healthy place and is able to meet all of its requirements.
- Considering leading the new philanthropic event not focused on golf/drinking venues to raise additional non-dedicated funds.
