## About the AWWA

The American Water Works Association is an international, nonprofit, scientific and educational society dedicated to providing total water solutions assuring the effective management of water. Our 51,000 total members represent the full spectrum of the water community: public water and

wastewater systems, environmental advocates, scientists, academicians, and others who hold a genuine interest in water. AWWA unites the diverse water community to advance public health, safety, the economy, and the environment.

The American Water Works Association as a whole, and each smaller Section and local Subsection, has four main goals: offer education to water professionals, advocate for safe and sustainable water, collect and share knowledge, and create volunteering opportunities.

# Thank You

The Northwest Oregon Subsection Waterworks School Committee would like to thank everyone who presented and attended this year's virtual WW school. The WW school is a vital funding source for our subsection and without your attendance we would not be able to support many of the AWWA programs that we do throughout the year. Our committee is looking forward to going back to an in-person WW School in 2023. Keep your eyes out for registration information in February, and we hope to see all of you there.

If you would like to be an active member of our subsection, our Waterworks School Committee is looking for new members. Contact Christine at [christine@clackamasproviders.org](mailto:christine@clackamasproviders.org) for more information.

Much appreciation,  
The Waterworks School Committee

## Corrosion Control Symposium

Feeling a little rusty on your corrosion knowledge? Need CEUs/PDHs? Got an upcoming maintenance/upgrade project? Please join us for a one-day corrosion symposium discussing corrosion and its impacts on municipal infrastructure. People who might be interested in attending are owners, operators, and builders of municipal water and wastewater infrastructure, but the topics discussed are applicable to a wide range of professions.

You might have seen some save the dates but now registration is open. Space is limited to 75 and registration will close in late July, so get in today: [Corrosion Control Symposium](#)

Where: TVWD Offices

When: August 11, 8:00 – 3:30

Cost: \$130

Included: Beverages, snacks, and lunch

PDH/CEUs will be provided - See website for updates

We are pleased to announce the following corrosion protection expert speakers:

- Stu Greenberger and Alex Fussell, RH2 Engineering, Inc.

- Roy Rogers, Cathodic Protection Engineering, Inc.
- Stephen Ngai, Portland Water Bureau
- Bernard S. Covio, Jr., NACE/AMPP Fellow
- Ron Watts, Certified Coating Consultants

Topics (see full abstracts on the linked event page)

- Fundamentals of Cathodic Protection
- Direct Buried Infrastructure Reliability – Corrosion Control Case Studies
- Corrosion Control Strategies at the Portland Water Bureau
- Corrosion Protection of Oregon's Historic Coastal Bridges
- Protective Coatings Update: Third Party Inspection

Reach out to [tstockton@rh2.com](mailto:tstockton@rh2.com) with any questions.

## NW Oregon is looking for the next Incoming Officer!

If you're interested or would like to nominate a friend or colleague, contact Subsection VP [Kyle Arnhart](#).

### A Message from PNWS Section Chair Michelle Cheek:

Good afternoon everyone! I have a special request of the Board and our committee and subsection officers. The Diversity & Inclusion (D&I) subcommittee has put together a survey to help better understand the demographics of our section's membership and identify areas of improvement to promote an inclusive environment. This is the second year that the D&I subcommittee has done this survey. Last year they only had 32 members respond to the survey. I'd like to help them increase that number substantially. The D&I subcommittee's goal is to get 100 survey responses, but we have over 2000 members. With your help I think we can beat the goal of 100 responses.

***Please help support this effort by responding to the survey and sharing this email with your subsection and committee members.***

The survey is anonymous and takes about 5 minutes to fill out. The deadline is **September 2** and is linked below. There was also a link in the recent e-newsletter and there will also be a barcode in the summer issue of Water Matter's. Folks that filled out the survey last year are encouraged to fill it out again this year. This will allow the D&I subcommittee to measure if things are getting better/worse/the same year to year.

To encourage participation, survey participants can enter to win a raffle to win some pretty awesome prizes. 😊 There are two (2) \$25 e-gift cards up for grabs and a homemade pasta dinner with me at my house (I make some pretty good homemade noodles, what I like to call noods, and I might also throw in a whiskey tasting for dessert).

And finally, the raffle link was incorrect in earlier versions of the survey. If someone has already taken the survey and didn't enter the raffle, there is a separate raffle link provided below. I think the link is locked to all but earlier survey participants – so there's no room for cheatin'. 😊

## **About the AWWA**

The American Water Works Association is an international, nonprofit, scientific and educational society dedicated to providing total water solutions assuring the effective management of water. Our 51,000 total members represent the full spectrum of the water community: public water and wastewater systems, environmental advocates, scientists, academicians, and others who hold a genuine interest in water. AWWA unites the diverse water community to advance public health, safety, the economy, and the environment.

The American Water Works Association as a whole, and each smaller Section and local Subsection, has four main goals: offer education to water professionals, advocate for safe and sustainable water, collect and share knowledge, and create volunteering opportunities.

**The 28th Annual NW Oregon Subsection John Aho  
Memorial and WFP Fundraiser Golf for Water  
Tournament**

On Friday July 15<sup>th</sup> we held our annual NW OR Subsection fundraiser golf tournament, from which all proceeds are donated to Water For People and the John Aho Scholarship Fund. It was a gorgeous, sunny day as usual at the Gresham Golf Course, and we had 120 golfers and 29 sponsors (which is as many as we have ever had of both). The winning teams of the scramble format came in at 11 under par – pretty impressive! Due to the great turnout and the generous donations by all the sponsors and the participants we were able to raise just over \$10,000 for our sponsored charities! This event was super successful, with the participants enjoying the great company of their teammates and industry colleagues. The Water For People Committee would like to thank the dedicated volunteers for all their hard work both leading up to and at the event, as well as all the raffle prize donors and corporate sponsors. We're looking forward to an even better showing next year, and in the meantime – consider attending one of the other Subsections' golf tournaments or other fun networking and fundraising events. All events can be found here: <https://www.pnws-awwa.org/pnws-events/networking-events/>.

  - It was great seeing so many friendly faces at the conference in April. We would love to keep that moment going as we transition back to our in-person meetings starting in June. To ensure we don't miss anyone, please forward this email to your team members so they can sign themselves up to start receiving emails with information about upcoming events. We would love for more folks to have the opportunity to join us at our monthly meetings. They're a great way to reconnect with people, meet new faces, and learn something new!

## New Officer Nomination

We had one nomination for the open Subsection Secretary position, Elissa Poulson with Core and Main. We will be voting on this position at our September meeting. Read more about our nominee Elissa below!

Elissa is a driven woman who strives on creating and maintaining positive relationships between customers and the public. She currently works as an Automated Meter Reading/Advanced Metering Infrastructure (AMR/AMI) Product Specialist for Core and Main (CNM) where she maintains profitably grow sales in the Pacific Northwest. She prides herself on educating CNM's sales force and customers on AMR/AMI technology. She supports customers in Oregon, Washington, Idaho and Wyoming and helps manage their system's needs and resolves any issues that come up. She is consistently developing and implementing plans to expand market share and bring awareness to the Diversity, Equity, and Inclusion culture within the industry and beyond. She is most known as a dependable employee recognized for communication, complex problem solving, critical thinking, customer service and time management skills. Outside of work, she enjoys spending time hiking, paddleboarding, reading, writing, trying new food places and playing with her dog. She moved to Oregon in 2016 and has developed a deep love and appreciation for the various ecosystems in the state. Most often she travels the coast, finds hikes with waterfalls that she can go to with her dog or finds a lake she can throw her paddleboard onto. She still has so much of Oregon left to explore and is looking forward to meeting more people who share a deep love for water and the outdoors like she does.

**Looking for new  
committee leads  
and volunteers!**

As things open back up, and we look towards holding in-person events, we're also on the lookout for new volunteers. Are you interested in becoming a Committee Lead or volunteering? The Subsection has a number of great opportunities available!

## **NW Oregon is looking for the next Incoming Officer!**

We will be voting in our new Secretary in September, but we are still on the lookout for our next Incoming Officer. This person would start in the Secretary position in May 2023, but would begin attending officer meetings once voted in.

**If you're interested or would like to nominate a friend or colleague, contact Subsection VP [Kyle Arnhart](#).**

## **Diversity and Inclusion Subcommittee Survey**

You are quickly running out of time to participate in this survey and enter to win fabulous prizes! **DEADLINE September 2!**

From Michelle Cheek: "This is the second year that the D&I subcommittee has done this survey. Last year they only had 32 members respond. I'd like to help them increase that number substantially. The subcommittee's goal is to get 100 survey responses, but we have over 2000 members. With your help I think we can beat the goal of 100 responses. To encourage participation, there are two (2) \$25 e-gift cards up for grabs and a homemade pasta dinner with me at my house (I make some pretty good homemade noodles, what I like to call noods, and I might also throw in a whiskey tasting for dessert)."

## **About the AWWA**

The American Water Works Association is an international, nonprofit, scientific and educational society dedicated to providing total water solutions assuring the effective management of water. Our 51,000 total members represent the full spectrum of the water community: public water and wastewater systems, environmental advocates, scientists, academicians, and others who hold a genuine interest in water. AWWA unites the diverse water community to advance public health, safety, the economy, and the environment. The American Water Works Association as a whole, and each smaller Section and local Subsection, has four main goals: offer education to water professionals, advocate for safe and sustainable water, collect and share knowledge, and create volunteering opportunities.

## Water Operators Job Analysis Survey

Just 30 minutes of your time before October 23 can make a difference in what the next certification exams cover. You don't even have to finish the survey in one sitting. The more responses WPI receives, the better the exams will represent the breadth of tasks performed in delivering drinking water to the tap, across the globe. Please share this survey with operators and colleagues far and wide. The survey closes October 23.

Water Professionals International and the Certification Commission for Environmental Professionals (C2EP) needs expert perspective on water environment system operations! Your contributions will make an IMPACT! We are conducting new job analyses of water treatment and water distribution operators and need operational experts to complete a survey that will help ensure your daily operational duties and technologies are reflected in the next generation of standardized operator certification examinations. **There are prizes!**

**Follow the link to begin the survey**

## **PNWS Membership Challenge**

The challenge is on! PNWS has launched a friendly competition between the Subsections to see who can recruit the most new members from Sept 1st – December 31st, to help PNWS reach our annual recruitment goal of

293 new members in 2022. The Subsection with the most new or reinstated members over that time will get a free lunch catered for their next Subsection meeting, social or in-person training. The Membership Engagement and Development Committee (MEDC) will send out monthly updates on the competition on new members in your subsection and how close we are to meeting the PNWS goal. It's time to put your networks to use and invite new members to join the AWWA community! Share the AWWA membership link far and wide, and let's meet our goal! Questions about the challenge, membership benefits or how to join, contact MEDC

chair [jstultz@Brwncald.com](mailto:jstultz@Brwncald.com), or past Chair, Chris Young [Chris.Young@murraysmith.us](mailto:Chris.Young@murraysmith.us).

**Keep it up!**

## New Officer Nomination: Dawn Nolan!

We've had one nomination for our open Subsection Secretary position, Dawn Nolan with GRI. We will be voting on this position at our December meeting. Read more about our nominee Dawn below!

Dawn currently works as the Information Services Lead & Technical Editor at GRI, an engineering consulting firm specializing in geotechnical, geologic, pavement, and environmental services in Tigard. She is responsible for leading GRI's specialty QA-QC programs, documenting firm compliance and all tasks associated with technical firm deliverables, and managing document standards. She is actively involved in GRI's Water & Environment group and is excited to be involved as the incoming NWOR secretary and grow her involvement within the PNWS-AWWA.

## NW OR Subsection Budget Time

It's that time of year when we review our annual budget. Please take a look at the attached 2023 Proposed Budget as we will be voting on it at our December meeting.

## Section 6

# Affiliation Agreement

## AWWA and the Section

### Reasons an Affiliation Agreement is needed:

- Protect the Associations' intellectual property including logos, emblems, names, free publications and other proprietary material. In this litigious society if you don't protect your brands you can lose them. An example, Bayer aspirin did not protect the name aspirin and it is now used worldwide by many companies.
- By having this agreement the Association can continue to indemnify all eligible persons of the section, such as directors and officers with liability insurance as cost effectively as possible.
- The Associations' not-for-profit status is critical to our organization surviving. As such the need was there to ensure that everyone understood that all activities conducted by the Sections must meet with AWWA's stated mission of uniting the water community to protect public health and to provide safe and sufficient water for all. Through collective leadership, AWWA advances technology, education, science, management, and government policies. Anything outside of this mission is not allowed.

### Section Penalties for Affiliation Agreement Violations:

1. If the Section violates this agreement to Association may start a disciplinary proceeding that could include financial penalties or ultimately dissolution of the Section.

*I understand the importance of the American Water Works Associations' Affiliation Agreement and why it was needed. Furthermore, I understand that by violating this agreement I place the Pacific Northwest Section in jeopardy of financial penalties or possible dissolution. If I have any questions or concerns regarding my Committee or Subsection activities I will contact the Section office for clarification.*

# Conflict of Interest Forms

## **POLICY ON CONFLICTS OF INTEREST AND DISCLOSURE OF CERTAIN INTERESTS**

This conflict of interest policy is designed to help directors, officers, employees and members ("Responsible Persons") of the Pacific Northwest Section of the American Water Works Association (PNWS) identify situations that present potential conflicts of interest and to provide the Section with a procedure which, if observed, will allow a transaction to be treated as valid and binding even though a Responsible Person has or may have a conflict of interest with respect to the transaction.

### **DEFINITIONS**

**Conflict of Interest.** For purposes of this policy, the following circumstances shall be deemed to be a Conflict of Interest:

#### ***Outside Interests***

- A Contract or Transaction between the PNWS and a Responsible Person or a Family Member of a Responsible Person.
- A Contract or Transaction between the PNWS and an entity in which a Responsible Person or a Family Member of a Responsible Person has a material interest in excess of 5% or of which such person is a director, officer, agent, partner, trustee, personal representative, guardian, custodian, or other legal representative.

#### ***Outside Activities***

- A Responsible Person or a Family Member of a Responsible Person accepting gifts, entertainment, or other favors with a value in excess of \$100 from any individual or entity that:
  - (i) Does or is seeking to do business with the PNWS or
  - (ii) Is seeking to receive a loan or grant, or to secure other financial commitments or benefits from the PNWS.

**Responsible Person** is any person who is an officer, director, employee or member of the PNWS, including, when the context requires, a Family Member of any such person.

**Family Member** is a spouse, domestic partner, parent, child or spouse of a child, brother, sister, or spouse of a brother or sister of a Responsible Person.

**Contract or Transaction** is any agreement or relationship involving the sale or purchase of goods, services, or rights of any kind, the providing or receipt of a loan or grant, the establishment of any other type of pecuniary or financially meaningful relationship except for transactions in the ordinary course of business (a) between the PNWS and an employee of the PNWS arising from the employment relationship, such as salary, benefits or reimbursement of employment related expenses, (b) between the PNWS and a member of the PNWS arising from the membership relationship, such as payment of membership dues or the purchase of publications, exhibition space or member services, or (c) between the PNWS and its officers or directors arising out of their positions, such as the reimbursement of travel and lodging expenses in accordance with the PNWS's stated policies for such reimbursements.

## **PROCEDURES**

- Prior to any Board or Committee action on a Contract or Transaction involving a Conflict of Interest, any Responsible Person having a Conflict of Interest who is in attendance at the meeting shall disclose all facts material to the Conflict of Interest. Such disclosure shall be reflected in the minutes of the meeting.
- If an officer or director of the PNWS is unable to attend a meeting of a Board or Committee at which he or she has reason to believe that the Board will act on a matter in which the officer or director has a Conflict of Interest, then that person shall disclose to the chair of the meeting all facts material to the Conflict of Interest. The chair shall report the disclosure at the meeting and the disclosure shall be reflected in the minutes of the meeting.
- Any Responsible Person who has a Conflict of Interest shall not participate in or be permitted to hear the Board's discussion of the matter except to disclose material facts and to respond to questions. Any Responsible Person who is an officer, director or employee of the PNWS shall not attempt to exert his or her personal influence with respect to the matter, either at or outside the meeting.
- A Responsible Person who has a Conflict of Interest with respect to a Contract or Transaction that will be voted on at a meeting shall not be counted in determining the presence of quorum for purposes of the vote. The Responsible Person having a Conflict of Interest may not vote on the Contract or Transaction and shall not be present in the meeting room when the vote is taken. Such person's ineligibility to vote shall be reflected in the minutes of the meeting.
- Responsible Persons who are not members of the Board of Directors of the PNWS shall disclose to the PNWS Executive Director or Chair of the PNWS (or his or her designee) any Conflict of Interest that such Responsible Person has with respect to a Contract or Transaction. Responsible Persons who have a Conflict of Interest with respect to a Contract or Transaction that is not the subject of Board action shall also make the same disclosure. In either case, such disclosure shall be made as soon as practicable as the Responsible Person knows of the Conflict of Interest. Any Responsible Person who is an officer, director or employee of the PNWS shall refrain from any action that may affect the PNWS's participation in the Contract or Transaction.
- In the event it is not entirely clear that a Conflict of Interest exists, the Responsible Person with the potential conflict shall disclose, in writing, the circumstances to the Chair or Executive Director of the PNWS, who shall determine whether there exists a Conflict of Interest that is subject to this policy.

- Each Responsible Person shall exercise care not to disclose confidential information acquired in connection with any such Contract or Transaction the disclosure of which might have an adverse effect on the business of the PNWS. Furthermore, a Responsible Person shall not disclose or use information relating to the business of the PNWS for the personal profit or advantage of the Responsible Person or a Family Member.

#### **Dissemination and Review of Policy**

- This policy shall be published on the PNWS's website and otherwise made available to all members of the PNWS. Each officer, director and employee of the PNWS shall be required to review a copy of this policy and acknowledge in writing that he or she has done so.
- Each officer and director of the PNWS shall annually complete a disclosure form identifying any relationships, positions, or circumstances in which such Responsible Person is involved that could reasonably be expected to lead to a Conflict of Interest. Such relationships, positions or circumstances include any significant ownership interest (more than 5%) of a business that might provide goods or services to the PNWS. The PNWS will treat any such disclosures as confidential information.
- The Board of Directors shall review this policy annually. Any changes to the policy shall be communicated immediately to all Responsible Persons.

## Certification

Such person's ineligibility to vote shall be reflected in the minutes of the meeting.
- Responsible Persons who are not members of the Board of Directors of the PNWS shall disclose to the PNWS Executive Director or Chair of the PNWS (or his or her designee) any Conflict of Interest that such Responsible Person has with respect to a Contract or Transaction. Responsible Persons who have a Conflict of Interest with respect to a Contract or Transaction that is not the subject of Board action shall also make the same disclosure. In either case, such disclosure shall be made as soon as practicable as the Responsible Person knows of the Conflict of Interest. Any Responsible Person who is an officer, director or employee of the PNWS shall refrain from any action that may affect the PNWS's participation in the Contract or Transaction.
- In the event it is not entirely clear that a Conflict of Interest exists, the Responsible Person with the potential conflict shall disclose, in writing, the circumstances to the Chair or Executive Director of the PNWS, who shall determine whether there exists a Conflict of Interest that is subject to this policy.

- Each Responsible Person shall exercise care not to disclose confidential information acquired in connection with any such Contract or Transaction the disclosure of which might have an adverse effect on the business of the PNWS. Furthermore, a Responsible Person shall not disclose or use information relating to the business of the PNWS for the personal profit or advantage of the Responsible Person or a Family Member.

#### **Dissemination and Review of Policy**

- This policy shall be published on the PNWS's website and otherwise made available to all members of the PNWS. Each officer, director and employee of the PNWS shall be required to review a copy of this policy and acknowledge in writing that he or she has done so.
- Each officer and director of the PNWS shall annually complete a disclosure form identifying any relationships, positions, or circumstances in which such Responsible Person is involved that could reasonably be expected to lead to a Conflict of Interest. Such relationships, positions or circumstances include any significant ownership interest (more than 5%) of a business that might provide goods or services to the PNWS. ## **POLICY ON CONFLICTS OF INTEREST AND DISCLOSURE OF CERTAIN INTERESTS**

This conflict of interest policy is designed to help directors, officers, employees and members ("Responsible Persons") of the Pacific Northwest Section of the American Water Works Association (PNWS) identify situations that present potential conflicts of interest and to provide the Section with a procedure which, if observed, will allow a transaction to be treated as valid and binding even though a Responsible Person has or may have a conflict of interest with respect to the transaction.

### **DEFINITIONS**

**Conflict of Interest.** For purposes of this policy, the following circumstances shall be deemed to be a Conflict of Interest:

#### ***Outside Interests***

- A Contract or Transaction between the PNWS and a Responsible Person or a Family Member of a Responsible Person.
- A Contract or Transaction between the PNWS and an entity in which a Responsible Person or a Family Member of a Responsible Person has a material interest in excess of 5% or of which such person is a director, officer, agent, partner, trustee, personal representative, guardian, custodian, or other legal representative.

#### ***Outside Activities***

- A Responsible Person or a Family Member of a Responsible Person accepting gifts, entertainment, or other favors with a value in excess of \$100 from any individual or entity that:
  - (i) Does or is seeking to do business with the PNWS or
  - (ii) Is seeking to receive a loan or grant, or to secure other financial commitments or benefits from the PNWS.

**Responsible Person** is any person who is an officer, director, employee or member of the PNWS, including, when the context requires, a Family Member of any such person.

**Family Member** is a spouse, domestic partner, parent, child or spouse of a child, brother, sister, or spouse of a brother or sister of a Responsible Person.

**Contract or Transaction** is any agreement or relationship involving the sale or purchase of goods, services, or rights of any kind, the providing or receipt of a loan or grant, the establishment of any other type of pecuniary or financially meaningful relationship except for transactions in the ordinary course of business (a) between the PNWS and an employee of the PNWS arising from the employment relationship, such as salary, benefits or reimbursement of employment related expenses, (b) between the PNWS and a member of the PNWS arising from the membership relationship, such as payment of membership dues or the purchase of publications, exhibition space or member services, or (c) between the PNWS and its officers or directors arising out of their positions, such as the reimbursement of travel and lodging expenses in accordance with the PNWS's stated policies for such reimbursements.

## **PROCEDURES**

- Prior to any Board or Committee action on a Contract or Transaction involving a Conflict of Interest, any Responsible Person having a Conflict of Interest who is in attendance at the meeting shall disclose all facts material to the Conflict of Interest. Such disclosure shall be reflected in the minutes of the meeting.
- If an officer or director of the PNWS is unable to attend a meeting of a Board or Committee at which he or she has reason to believe that the Board will act on a matter in which the officer or director has a Conflict of Interest, then that person shall disclose to the chair of the meeting all facts material to the Conflict of Interest. The chair shall report the disclosure at the meeting and the disclosure shall be reflected in the minutes of the meeting.
- Any Responsible Person who has a Conflict of Interest shall not participate in or be permitted to hear the Board's discussion of the matter except to disclose material facts and to respond to questions. Any Responsible Person who is an officer, director or employee of the PNWS shall not attempt to exert his or her personal influence with respect to the matter, either at or outside the meeting.
- A Responsible Person who has a Conflict of Interest with respect to a Contract or Transaction that will be voted on at a meeting shall not be counted in determining the presence of quorum for purposes of the vote. The Responsible Person having a Conflict of Interest may not vote on the Contract or Transaction and shall not be present in the meeting room when the vote is taken. Such person's ineligibility to vote shall be reflected in the minutes of the meeting.
- Responsible Persons who are not members of the Board of Directors of the PNWS shall disclose to the PNWS Executive Director or Chair of the PNWS (or his or her designee) any Conflict of Interest that such Responsible Person has with respect to a Contract or Transaction. Responsible Persons who have a Conflict of Interest with respect to a Contract or Transaction that is not the subject of Board action shall also make the same disclosure. In either case, such disclosure shall be made as soon as practicable as the Responsible Person knows of the Conflict of Interest. Any Responsible Person who is an officer, director or employee of the PNWS shall refrain from any action that may affect the PNWS's participation in the Contract or Transaction.
- In the event it is not entirely clear that a Conflict of Interest exists, the Responsible Person with the potential conflict shall disclose, in writing, the circumstances to the Chair or Executive Director of the PNWS, who shall determine whether there exists a Conflict of Interest that is subject to this policy.

- Each Responsible Person shall exercise care not to disclose confidential information acquired in connection with any such Contract or Transaction the disclosure of which might have an adverse effect on the business of the PNWS. Furthermore, a Responsible Person shall not disclose or use information relating to the business of the PNWS for the personal profit or advantage of the Responsible Person or a Family Member.

#### **Dissemination and Review of Policy**

- This policy shall be published on the PNWS's website and otherwise made available to all members of the PNWS. Each officer, director and employee of the PNWS shall be required to review a copy of this policy and acknowledge in writing that he or she has done so.
- Each officer and director of the PNWS shall annually complete a disclosure form identifying any relationships, positions, or circumstances in which such Responsible Person is involved that could reasonably be expected to lead to a Conflict of Interest. Such relationships, positions or circumstances include any significant ownership interest (more than 5%) of a business that might provide goods or services to the PNWS. The PNWS will treat any such disclosures as confidential information.
- The Board of Directors shall review this policy annually. Any changes to the policy shall be communicated immediately to all Responsible Persons.
